AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING ARTICLE XIII THERETO, TO ESTABLISH A PROCEDURE FOR THE ELECTION OF MEMBERS TO THE RETIREMENT BOARD.

Note: Additions are not underlined; all sections are entirely additional.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 16 of the San Francisco Administrative Code is hereby amended by adding Article XIII thereto, to read as follows:

Sec. 16.550. Purpose.

The Charter of the City and County of San Francisco provides that the membership of the Retirement Board, which is entrusted with the administration of the San Francisco City and County Employee's Retirement System, shall include three members elected from the active members (not including retired persons) of the Retirement System. Whenever the term of office of such an elected member expires or whenever a vacancy occurs in such an office so that an election is necessary to fill a present or expected vacancy, the following provisions shall govern the election procedure.

Sec. 16.551. Retirement Board to Order Elections.

If a vacancy occurs, or will occur, in the office of an elected member prior to the date that the term of that office expires, the Retirement Board shall order a special election to fill the vacancy for the unexpired portion of the term of office, unless another election to a Retirement Board office is scheduled to be completed within 6 months after the vacancy has, or shall, occur, in which case the elections shall be combined; provided,

however, that a separate special election shall be required if the election which has already been scheduled will occur too soon to nominate and select candidates for the more recent vacancy.

Sec. 16.552. Dates of Election.

Whenever an election is necessary, either at the completion of a term of office or to fill an unexpired term of office, the Retirement Board shall specify the dates during which ballots may be marked and delivered. However, the dates designated by the Retirement Board shall not be within one month before or after an election which has been otherwise scheduled and which involves residents of the City and County of San Francisco as electors.

Sec. 16.553. Notice to Members; Nomination of Members.

The Retirement Board shall thereafter notify the members of the Retirement System of the following:

(a) The necessity for an election;

(b) The procedure for nomination and selection of candidates to serve on the Board; and

(c) The dates that ballots may be marked and delivered and the procedure for voting.

The period of time during which nominations may be made shall be set by the Retirement Board but in no event shall be less than 21 days. Any person nominated to serve as a member of the Retirement Board shall on forms provided by the Retirement Board for this purpose and by the date set by the Retirement Board, verify acceptance of the nomination and agree to serve if elected before he or she may be listed as a candidate.

Sec. 16.554. Notice to Registrar.

The Retirement Board shall notify the Registrar of Voters (hereafter "Registrar") at least 120 days prior to the first day that ballots may be marked and delivered (hereafter referred to

DOCUMENTS DEPT.

as the first voting day) that an election shall be held.

Sec. 16.555. Notice to Department; Appointment of Election Officers.

The Registrar shall notify each department, office and agency of the City and County of San Francisco (hereafter referred to as "department") at least 90 days prior to the first voting day that the department must designate an employee who shall serve as Election Officer for that department and must inform the Registrar at least 60 days prior to the first voting day of the identity of such officer. The Registrar shall supply each department with a form which can be returned to the Registrar which identifies the employee who has been designated Election Officer. If any department has not designated an Election Officer by the appointed deadline, the Registrar shall notify the department that the deadline has passed and shall continue to provide such notice until such designation has been made.

Sec. 16.556. Instructions to Election Officers.

The Registrar shall provide written instructions to each Election Officer at least 21 days prior to the first voting day, informing such officer of dates on which ballots will be distributed and collected and the procedure to be followed for their distribution and collection. If any department has failed to designate an Election Officer by the time that the Registrar sends these written instructions, the Registrar shall thereafter treat the administrative head of the department as the Election Officer until another employee has been designated as such by that department.

////

////

Sec. 16.557. Delivery of Ballots and Names of Eligible Voters to Registrar.

The Retirement Board shall furnish the Registrar with the ballots and accompanying envelopes at least 35 days prior to the first voting day. The ballots shall be separated by department. the Registrar shall be responsible for any stuffing of envelopes that is required prior to distribution of the ballots to the departments.

The Retirement Board shall furnish the Registrar with a list of members of the Retirement system eligible to vote in the election at the same time that it furnishes the ballots. A supplemental list shall be furnished to the Registrar within 2 days of the first voting day, which list shall provide the names of eligible voters not included on the original list.

Sec. 16.558. Ballots to Contain Instructions For Voting.

Each ballot shall contain instructions printed on it informing the voter of the procedure to be used in marking the ballot. This procedure shall include marking the ballot, placing the marked ballot inside the ballot return envelope, sealing the envelope and signing one's name on the envelope. The instructions shall note that printing one's name or failing to sign the envelope as indicated will invalidate the ballot.

Each ballot, or ballot return envelope, shall inform the voter that there are three ways to return the ballot:

(1) By placing the ballot in the container maintained for such purpose by the Election Officer of the voter's department, or by otherwise using the collection procedure arranged for by the Election Officer;

(2) By delivering the ballot personally to the Registrar's Office; and

Note: Additions are underlined. Deletions are noted by ((double parentheses)).

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by amending Section 10.178 thereof, to read as follows:

Sec. 10.178. Establishment of a Special Recreation and Park Concession Fund.

There is hereby established a special fund for the purpose of receiving those fees accruing from the use or lease of all recreation and park department facilities except those designated below, said special fund to be known as the recreation and park concession fund. Said special fund shall be used solely for the following purposes:

1. Administrative expenses for collection of fees.
2. Improvement to concession facilities.
3. Rehabilitation and reconstruction of concession facilities and recreation and park department properties and facilities served by said concessions.

5. Publication of informational brochures and pamphlets.
6. Resurfacing of Candlestick Park.

In the accomplishment of the above purposes it is the intent of the board of supervisors to use the funds collected from designated recreation and park concession fees and leases as a supplement to the funds appropriated for maintenance and operation and improvements of these properties.

BOARD OF SUPERVISORS

This ordinance does not apply to any fees or revenues generated in connection with the operation of candlestick park, the marina yacht harbor, San Francisco zoological gardens, San Francisco county fair fund, the palace of fine arts or municipally operated golf courses.

It is the intention of the board of supervisors to transfer to the special recreation and park concession fund only those revenues from the afore mentioned sources that exceed the ten-year average of $1,005,263 previously generated by accounts, a schedule of which is on file with the clerk of the board of supervisors in file no. 150-73 and by reference made a part hereof.

The moneys in said special fund shall be set aside for the aforesaid purposes and appropriations therefrom shall be by the board of supervisors pursuant to the budget and fiscal provisions of the charter.

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY AMENDING SECTION 37.9 (RESIDENTIAL RENT STABILIZATION AND ARBITRATION ORDINANCE) THEREOF TO PROVIDE FOR CLARIFICATION REGARDING EVICTIONS; AN EMERGENCY ORDINANCE.

Be it ordained by the people of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by amending Section 37.9 to read as follows:

Section 37.9. Evictions. Notwithstanding Section 37.3, this section shall apply as of August 24, 1980, to all landlords and tenants of rental units as defined in Section 37.2(k).

(a) A landlord shall not endeavor to recover possession of a rental unit unless:

(1) The tenant has failed to pay the rent to which the landlord is lawfully entitled under the oral or written agreement between the tenant and landlord or habitually pays the rent late or gives checks which are frequently returned because there are insufficient funds in the checking account; or

(2) The tenant has violated a lawful obligation or covenant of tenancy other than the obligation to surrender possession upon proper notice and failure to cure such violation after having received written notice thereof from the landlord; or

(3) The tenant is committing or permitting to exist a nuisance in, or is causing substantial damage to, the rental unit, or is creating a substantial interference with the comfort, safety or enjoyment of the landlord or other tenants in the building; or

(4) The tenant is using or permitting a rental unit to be used for any illegal purpose; or

(5) The tenant, who had an oral or written agreement with the landlord which has terminated, has refused after written request or demand by the landlord to execute a written extension or renewal thereof for a further term of like duration and under such terms which are materially the same as in the previous agreement provided that such terms do not conflict with any of the provisions of this chapter; or

(6) The tenant has refused the landlord reasonable access to the rental unit for the purpose of making necessary repairs or improvements required by State or local law, or for the purpose of inspection as permitted or required by the oral or written agreement, or for the purpose of showing the rental unit to any prospective purchaser or mortgagee; or

(7) The tenant holding at the end of the term of the oral or written agreement is a subtenant not approved by the landlord; or

(8) The landlord seeks to recover possession in good faith for use and occupancy of the landlord, the children, parents, grandparents, grandchildren, brother or sister of the landlord or his or her spouse or the spouses of such relations and does so without ulterior reasons and with honest intent; or

(9) The landlord seeks to recover possession in good faith in order to sell the unit in accordance with a condominium conversion approved under the San Francisco

subdivision ordinance and does so without ulterior reasons and with honest intent; or

(10) The landlord seeks to recover possession in good faith in order to demolish or to otherwise permanently remove the rental unit from housing use and has obtained all the necessary permits and does so without ulterior reasons and with honest intent; or

(11) The landlord seeks in good faith to remove temporarily the unit from housing use in order to be able to carry out capital improvements or rehabilitation work and has obtained all the necessary permits and does so without ulterior reasons and with honest intent. Any tenant who vacates the units under such circumstances shall have the right to reoccupy the unit at the prior rent adjusted in accordance with the provisions of this ordinance; or

(12) The landlord seeks to recover possession in good faith in order to carry out substantial rehabilitation, as defined in Sec. 37.2(l), and has obtained all the necessary permits and does so without ulterior reasons and with honest intent.

(b) A landlord shall not endeavor to recover possession of a rental unit unless he/she informs the tenant in writing of the grounds under which possession is sought and that advice regarding the notice to vacate is available from the Residential Rent Arbitration and Stabilization Board, before endeavoring to recover possession.

(c) If the landlord has as a dominant purpose retaliation against the tenant because of the tenant's exercise of rights under this ordinance to limit any rent increase as provided

herein, and if the tenant is not subject to eviction as provided in Sec. 37.9(a), the landlord may not cause the tenant to quit involuntarily, or decrease any services during the effective period of this ordinance.

(d) It shall be unlawful for a landlord or any other person who willfully assists the landlord to endeavor to recover possession or to evict a tenant except as provided in Sec. 37.9(a). Any person endeavoring to recover possession of a rental unit from a tenant or evicting a tenant in a manner not provided for in Sec. 37.9(a) shall be guilty of a misdemeanor and shall be subject, upon conviction, to the fines and penalties set forth in Sec. 37.10. Any waiver by a tenant of rights under this chapter shall be void as contrary to public policy.

(e) Whenever a landlord recovers possession or unsuccessfully seeks recovery of a rental in violation of Administrative Code Section 37.9(a) or Section 37.10 as enacted herein, the tenant or board may institute a civil proceeding for injunctive relief, money damages of not less than three times actual damages, and whatever other relief the court deems appropriate. The prevailing party shall be entitled to reasonable attorney's fees and costs pursuant to order of the court. The remedy available under this subsection shall be in addition to any other existing remedies which may be available to the tenant or the board.

Section 2. In approving this ordinance by a three-fourths vote, this Board of Supervisors does hereby declare that an actual emergency exists and that the immediate preservation of the peace and safety of the people of the City and County of San Francisco necessitates that it take effect upon the signature of

///

the Mayor. The evidence which leads this Board to find that an emergency exists is as follows:

(a) That on June 13, 1979, the Board of Supervisors established the Residential Rent Stabilization and Arbitration Board (Ord. No. 276-79) hereafter referred ts as "Rent Ordinance", which offered, among other things, protection from eviction to tenants who had received rent increases which exceeded stated guidelines;

(b) That on June 22, 1979, the Board of Supervisors amended the Rent Ordinance by Ord. No. 295-79 by adding a "Notwithstanding" clause to Section 37.9 which extended the eviction safeguards to all tenants of rental units including those who had not received rent increases exceeding the stated guidelines;

(c) That on July 25, 1980, the Board of Supervisors further amended Section 37.9 of the Rent Ordinance by Ord. No. 358-80, which ordinance inadvertantly deleted the aforesaid "Notwithstanding" clause, thereby subjecting tenants who had not received rent increases exceeding the guidelines to the threat of immediate evictions;

(d) That in an inflationary time when tenants may be unable to find replacement housing, the immediate, wholesale eviction of tenants, especially senior citizens, persons on fixed incomes and members of low and moderate income households, threatened by the loophole created in the oversight of deleting the protection to all tenants embodied in the "Notwithstanding" clause of Ord. No. 295-79, poses an immediate threat to the public peace, health and safety which justifies the adoption of this ordinance as an emergency measure to insure its immediate effect.

////

(e) That appropriate amendments must be made immediately to give full force and effect to the Rent Ordinance, as amended, which the Board of Supervisors adopted June 13, 1979.

Be it ordained by the people of the City and County of San Francisco:

Section 1. Ordinance No. 491-78 which amended Section 2.A. of Ordinance No. 105-64 is hereby repealed.

Section 2. Ordinance No. 105-64 is hereby amended by adding Section 2.A. thereto, reading as follows:

SEC. 2.A. Construction by the Grantee shall be undertaken within the franchise area after the effective date of this ordinance which will extend cable service to all residential areas of the City and County of San Francisco (hereinafter referred to as the "City"), under a construction plan developed mutually by the Grantee and the City. Within 30 days from the effective date of this ordinance, the Grantee will make application to the appropriate agencies required and will complete said construction of all residential areas as defined in the construction plan within eight years from the effective date of this ordinance. The residential areas in which the construction plan will be performed are identified by the map attached hereto as Exhibit A. The construction plan is attached

hereto as Exhibit B. Exhibit A and Exhibit B are by reference expressly incorporated herein and made a part hereof as though fully set forth herein. Within the designated construction period, the Grantee will submit a detailed report to the Chief Administrative Officer on a quarterly basis, commencing with the first quarter after the effective date of this ordinance detailing the progress which has been made on the approved construction plan. The Grantee will further submit a plan to the Chief Administrative Officer by December 1 of each year outlining construction plans and schedule for the following year's construction. The Grantee may only deviate from the construction plan with the consent of the Chief Administrative Officer.

The Grantee, accepting the provisions of this ordinance will further agree to following:

1. The system to be constructed will be capable of delivering, as specified by the manufacturer, a band width of 400 MGHz or 52 channels. The system shall further have the capability of two-way transmission.
2. The cable components and the ancillary equipment in the existing system will be modified so that the subscriber areas where cable currently exists will receive the same scope of service as indicated above. Throughout the term of the franchise, all new and replacement construction will be accomplished with the then current state-of-the art equipment.
3. For the term of the franchise, regardless of Federal Communication Commission regulations which currently or may in the future limit the franchise fee to a lesser amount, Grantee or its successor will agree to pay the City a 5% franchise fee on gross revenues as defined in Section 8 of

Ordinance No. 105-64. The City may renegotiate the fee at its option in the event changes in state law and federal regulations permit higher fees. Higher fees will be based on then current franchise fees in other similar jurisdictions. Renegotiation can only be at five year intervals commencing on December 1, 1985. If the City and grantee fail to agree on an increased fee the matter will be decided via arbitrator as outlined in Section 17(c) herein.

4. The Grantee will continue to provide an opportunity for public expression by the continuation of community programming as now available on Cable Channel 6; and public access as now available on Cable Channel 25; and will guarantee the continued operation of the Channel 6 color television studio, and Channel 25 television studio, properly equipped and supported by trained personnel for the purpose of local, community-oriented programming on both channels. The Grantee shall provide time for municipal and educational access, not to exceed two channels of 52 channels, and an additional 10% of any channels in excess of 52 channels. In order to effectuate public access, Grantee shall provide service to schools, universities and public buildings at no cost.

5. The Grantee will, after the effective date of this ordinance, subject to zoning restrictions and technical feasibility, construct a satellite antenna in San Francisco for the purpose of receiving satellite programming.

6. For the term of the franchise, regardless of Federal Communication Commission regulations or State law which currently or may in the future permit the de-regulation of

basic subscriber rates, basic subscriber rates shall continue to be set by ordinance of Board of Supervisors.

Section 3. Ordinance No. 105-64 is hereby amended by amending Section 4.(c) thereof reading as follows:

(c) The operation of the Community Antenna System shall be conducted and maintained so that all customers of said system shall be entitled to receive signals of good technical quality and a full range of services available. Any and all complaints regarding bills and the quality of signals or service will be promptly handled in the following manner: 1) The Grantee on its bills shall provide a telephone number to its customers of a specific department of the company which will handle complaints. 2) In the event the customer complaint is not handled to the satisfaction of the customer within ten days of the complaint, the complaint will be referred to the Chief Administrative Officer or any official subsequently designated by the City. 3) The Chief Administrative Officer or designated authority will be empowered to adjust, settle or compromise any controversy regarding bills and the quality of signals or service. The Grantee shall comply with any orders pertinent to such corrections.

Section 4. Ordinance No. 105-64 is hereby amended by amending Section 9 thereof reading as follows:

SEC. 9. The term of this franchise shall extend until December 31, 2005. This franchise is to be nonexclusive and shall be construed in accordance with applicable laws in the State of California, including the charter, ordinances, resolutions, and regulations of the City.

Section 5 Ordinance No. 105-64 is hereby amended by adding 17.C. thereto, reading as follows:

SEC. 17.C. Within 30 days after this ordinance becomes effective, the Grantee shall file with the Chief Administrative Officer of the City and thereafter maintain in full force and effect for the entire term of the construction period, at its expense, a faithful performance bond executed by a security company approved by the Controller and in form satisfactory to the City Attorney in the amount of $250,000, renewable annually and conditioned upon faithful performance by the Grantee of these terms, conditions and covenants contained in this ordinance. In the event that the Grantee shall fail to comply with the provisions of this ordinance, and the attached construction plan, except in those cases where the Grantee's failure to comply is through no fault of his own, there shall be recoverable jointly and severably from the principal and surety of such bond a penalty payment of $1,000.00 per day until such failure is remedied. Inability to obtain permission for access to private property shall constitute excusable non-performance. The Chief Administrative Officer shall monitor compliance with the construction plan and shall assess a penalty if warranted. In case of dispute or question of interpretation of this section, the issue will be submitted to arbitration under the rules of the American Arbitration Association before an arbitrator mutually acceptable to the Grantee and the City, whose decision will be binding. Said bond shall provide that 30 days prior written notification of cancellation, material change, or intention not to renew said bond be given to the City.

Section 6. Ordinance No. 105-64 is hereby amended by adding Section 24 thereto, reading as follows:

SEC. 24. Termination.(a) If this franchise is cancelled by reason of the Grantee's default, that part of the system

located in the streets shall, at the election of the City, become the property of the City at a cost not to exceed its then book value calculated as cost less accumulated depreciation, according to generally accepted accounting principles, with a reduction for any damages incurred by the City in connection with such cancellation. Such book value, if not agreed upon, shall be determined by arbitration under the rules of the American Arbitration Association before an arbitrator mutually acceptable to the Grantee and the City, and shall not include the good will of the Grantee. Damages incurred by the City shall include any payment made by the City pursuant to a resolution by the City authorizing or directing another person to operate the system for a temporary period until a franchise is granted.

(b) On expiration of the franchise, the City, at its election, may purchase the system at the fair market value. Such fair market value shall be the fair value of all tangible and intangible property but shall not include any valuation based upon this franchise. The fair market value shall be negotiated by the City and the Grantee, and in the event a mutually agreeable price cannot be decided upon, the issue will be submitted to arbitration under the rules of the American Arbitration Association before an arbitrator mutually acceptable to the Grantee and the City. The City shall notify the Grantee in writing of its intention to purchase the property six months before the expiration of the franchise.

Section 6. Ordinance No. 105-64 is hereby amended by adding Section 25 thereto, reading as follows:

SEC. 25. (a) The Board of Supervisors shall establish a Citizens Telecommunications Policy Committee (hereinafter the "Committee"). The Committee shall consist of no more than seven

(7) people and represent cable television subscribers and other public members, the Grantee, representatives of the education community, and agencies of the City. The Committee shall meet not less than monthly and review the Grantee's service within the community and make recommendations to the Grantee relative to changes in the service.

The Committee will also review specific issues at the direction of the Board of Supervisors. It is directed to ascertain community needs and concerns relative to CATV by methods including but not limited to the following: (1) annual polling of customers, (2) annual sample polling of non-subscribers, (3) consulting with community leaders and representatives, and (4) review of all customer complaints and the Grantee's response to said complaints.

(b) The Committee shall make an annual report to the Board of Supervisors. At three year intervals after and beginning with December 1, 1981, the Committee shall propose changes in the franchise agreement and shall present its recommendations to the Board of Supervisors to amend the franchise agreement. Amendments shall reflect service requirement changes based on advances in technolgy or demonstrated community needs. They shall be substantive in nature, affecting a significant number of subscribers and shall be within the authority of the City and County of San Francisco. The Grantee shall be required to conform to these amendments, if adopted, within reasonable time period unless the Grantee is in substantial compliance by alternative means; provided, however, that the time for commencement or completion of any such modification shall be excused by any delay resulting from labor strikes, material shortages, governmental restrictions, fire, acts of God or any other matter beyond the reasonable control of Grantee. If compliance with the amendments will have a significant negative financial impact upon the Grantee, compliance must commence when commensurate rate revisions are authorized, provided such rates and service modifications are in the best interest of existing subscribers. If the Board of Supervisors shall make a finding that the franchise amendment was prompted by a situation which was the result of imprudence on the part of the Grantee, performance shall be required without a commensurate rate increase relative to the imprudence. In case of dispute or question of interpretation of this section, the matter will be decided by arbitration as outlined in Section 17(c) herein.

AUTHORIZING THE DIRECTOR OF PUBLIC WORKS AND CLEAN WATER PROGRAM TO TAKE IMMEDIATE MEASURES TO CORRECT SAFETY HAZARDS AT THE WATER RECLAMATION PLANT IN GOLDEN GATE PARK; AN EMERGENCY MEASURE.

Be it ordained by the People of the City and County of San Francisco:

Section 1. There exist safety hazards in addition to direct OSHA citations which if not corrected will require the shutdown of the Water reclamation Plant in Golden Gate Park.

Section 2. All corrective work must be completed this winter during the rainy period as the effluent water is necessary for the park watering program.

Section 3. New facilities for women operators must be provided to comply with Health and Safety Codes.

Section 4. The Director of Public Works and Clean Water Program is authorized to proceed in the most expeditious manner to correct the hazards by directing the Bureau of Building Repair to perform the necessary work, which is estimated to cost $125,331.00. Funds are available in Fund 35-608, Repair and Renewal of Treatment Works.

Section 4. An emergency is hereby declared to exist under the provisions of Section 2.301 of the Charter of the City and County of San Francisco, the reason for the emergency being to provide for the immediate necessary preservation of the health and safety of the citizens of San Francisco by correcting safety hazards and maintaining the uninterrupted operation of the Water Reclamation Plant in Golden Gate Park.

AMENDING ARTICLE II, PART III, SAN FRANCISCO MUNICIPAL CODE, BY AMENDING SECTION 807 THEREOF, PROVIDING FOR AN EXEMPTION OF EIGHT DOLLARS AND NINETY-NINE CENTS ($8.99) OR LESS TO THE STADIUM OPERATOR ADMISSION TAX; PROVIDING FOR EXPIRATION DATE OF DECEMBER 31, 1981.

NOTE: Additions or substitutions are underlined, deletions are indicated by ((double parentheses))

Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings.

The Board of Supervisors finds:

That the purpose of the Stadium Admission Tax is to help defray costs incurred by expansion of Candlestick Park in 1970 to accommodate the San Francisco Forty Niners.

That the cost of that expansion should not be borne by the San Francisco Giants, nor their patrons.

That so long as the debt service on Candlestick Park bonds can be retired with non-ad valorem revenues, the San Francisco Giants and certain other users of the facility should be exempt from payment of the Admission Tax.

Section 2. Article II, Part III, San Francisco Municipal Code, is hereby amended by amending Section 807 thereof, to read as follows:

SEC. 807. Exemptions. No tax shall be imposed (1) on the receipts from admission tickets sold at Eight Dollars and Ninety-nine Cents ($8.99) or less; (2) when a stadium is used by athletic teams sponsored by the San Francisco Unified School District or by the San Francisco Community College District; (3) when a stadium is used by nonprofit elementary or secondary schools, attendance at which satisfies the requirements of the compulsory education laws of the State of California; (4) when a stadium is used by an operator or sponsor of charity athletic contests or other special benefit entertainment events no part of the net earnings of which inures to the benefit of any private shareholder or individual and the assets of said operating or sponsoring organization are irrevocably dedicated to tax exempt purposes; (5) any recreation field operated by the Recreation and Park Commission where athletic contests, exhibitions or special events may be presented and which may contain a seating arrangement adjacent to one portion of said field containing not more than 5,000 permanent seats.

The exemption set forth in subsection (1) hereinabove shall be applicable to admission tickets sold on the effective date of this ordinance and through December 31, ((1980)) 1981; thereafter, no tax shall be imposed on the receipts from admission tickets sold at two dollars and one cent ($2.01) or less.

AMENDING PART II, CHAPTER XI, SAN FRANCISCO MUNICIPAL CODE (TRAFFIC CODE) BY ADDING ARTICLE 16 THERETO AUTHORIZING THE PROCEDURES FOR AND THE ESTABLISHMENT OF SPECIAL PARKING ZONES FOR CERTAIN CLASSES OF MOTOR VEHICLES DISPLAYING VALID PERMITS AND PROHIBITING THE PARKING THEREIN OF CERTAIN OTHER CLASSES OF MOTOR VEHICLES, PROVIDING FOR A PENALTY AND PROVIDING FOR A SEVERABILITY CLAUSE.

Be it Ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter XI of the San Francisco Municipal Code is hereby amended by adding Article 16 thereto, to read as follows:

CARPOOL PERMIT PARKING PROGRAM, ARTICLE 16

SEC. 401. Legislative Purpose.

This Article is enacted to encourage and promote carpool formation for commutes to or within the City and County of San Francisco. Because there is a need to decrease traffic congestion, to encourage the most efficient use of fuels, and to reduce the amount of commuter parking in residential areas, it is in the public interest to encourage the formation and continuation of carpools as an integral part of the public transportation system. In order to provide adequate parking for carpool vehicles, it is necessary to enact parking regulations which restrict unlimited parking around the perimeter of selected institutions while providing the opportunity for groups of three or more employees in a vehicle to park immediately adjacent to their place of employment.

For reasons set forth in this Article, a system of preferential carpool parking is enacted hereby for the City and County of San Francisco.

SEC. 402. Legislative Findings.

(a) General Findings. The Board of Supervisors finds, as a result of public input, evidence generated by professional consulting engineers and planners and derived from other sources, that a system of preferential carpool parking will serve to promote the formation of carpool groups, provide institutions with more employee parking, and thus promote the general public welfare.

BOARD OF SUPERVISORS

(b) Specific Findings. The following specific legislative findings of the Board of Supervisors in support of preferential carpool parking are set forth as illustrations of the need compelling the enactment of this Article. They are intended as illustrations only and do not exhaust the subject of the factual basis supporting its adoption:

(1) The provision of convenient preferential carpool vehicle parking is an incentive to the formation of ridesharing groups.

(2) Certain institutions located in neighborhood areas lack adequate off-street parking facilities to provide preferential carpool parking on their premises.

(3) Parking demand is high at certain institutions and parking spillover onto neighboring residential streets occurs.

(4) Many employees of large institutions within or immediately adjacent to residential permit parking areas have been displaced from all-day on-street parking. Some of these displaced employees do not have viable public transportation alternatives and have thus been forced to move their vehicles every two hours to avoid parking violations.

(5) The interest within the City and County of San Francisco for neighborhood residential permit parking programs will probably continue to grow such that additional program areas may be established. Thus the availability of all-day on-street parking for employees of institutions located within or immediately adjacent to these areas may be further reduced.

(6) The formation of carpool groups tends to reduce the total number of employee vehicles arriving at an institution. This tends to reduce spillover of institutional employees' vehicles onto residential streets which in turn serves to promote the general public welfare.

(7) Unrestricted on-street parking spaces adjacent to large institutions are often times used primarily by employees of these institutions.

(8) The Final Report of the San Francisco Joint Institutional Transportation System Management Study for the City and County of San Francisco

BOARD OF SUPERVISORS -2-

SAN FRANCISCO PUBLIC LIBRARY

completed by DeLeuw Cather and Company in October, 1979, has recommended that on-street parking spaces immediately adjacent to several institutions should "be designated as high occupancy vehicle permit parking areas."

SEC. 403. Definitions.

(a) "Institution" shall mean a place of employment with more than 200 employees which is located in a neighborhood which is primarily residential and shall include but is not limited to such facilities as an accredited college, university, hospital or sanitarium.

(b) "Institutional perimeter area" shall mean a contiguous or nearly contiguous area containing public streets and highways or parts thereof which directly abuts upon property owned or leased by an institution.

(c) "Carpool vehicle" shall mean a motor vehicle parked within an institutional perimeter area in which three (3) or more occupants travel together to their place of employment. A carpool vehicle shall include a vanpool vehicle.

(d) "Carpool permit parking area" shall mean an institutional perimeter area designated as herein provided wherein carpool vehicles displaying a valid permit as described herein will be exempt from time restrictions established pursuant to this Article.

(e) "Carpool group" shall mean a group of three or more individuals who establish that they commute by motor vehicle to the carpool permit parking area.

(f) The masculine form, as used in this Article, if applicable as shown by the context thereof, will apply to female persons.

(g) "Motor vehicle" shall include an automobile, van, truck, or other motor-driven form of transportation not in excess of 6,000 pounds gross weight.

(h) "Person" shall mean a natural person.

SEC. 404. Designation of Carpool Permit Parking Area.

The Board of Supervisors shall, upon recommendation of the Director

of Public Works, consider for designation as carpool permit parking areas those areas immediately adjacent to an institution meeting and satisfying the objective criteria therefor established in this Article. It may, in its discretion, then designate by resolution, certain institutional perimeter areas as carpool permit parking areas in which employee vehicles displaying a valid parking permit may stand or be parked without limitation by parking time restrictions established by this Article. Said resolutions shall also state the applicable time limitation and period of the day for its application.

SEC. 405. Designation Criteria.

(a) An institutional perimeter area shall be deemed eligible for consideration as a carpool permit parking area if a parking study based on objective criteria establishes that the institutional perimeter area is eligible for carpool permit parking.

(b) In determining whether an institutional perimeter area may be designated as a carpool permit parking area, the Director of Public Works and the Board of Supervisors shall take into account factors which include, but are not limited to, the following:

(1) The extent of the desire and need of the institution's management for carpool permit parking.

(2) The extent of the desires and needs of the institution's employees for carpool permit parking.

(3) The extent to which the institution has an active transportation system management implementation plan.

SEC. 406. Designation Process.

Upon receipt of application from the institution whose perimeter area is proposed for designation as a carpool permit parking area, the Director of Public Works, shall undertake or cause to be undertaken, such surveys or studies deemed necessary to determine whether the institutional perimeter area is eligible for carpool permit parking and to obtain information relative to those designation criteria listed in Section 405 of this Article. Such

surveys and studies shall be completed within ninety (90) days of receipt of a petition calling for such surveys of petitions to be undertaken.

Within thirty (30) days of the completion of surveys and studies to determine whether designation criteria are met, the Director of Public Works shall notice as herein provided, a public hearing or hearings in or as close to the neighborhood as possible on the subject of the eligibility of the institutional perimeter area under consideration for carpool permit parking. Said hearing or hearings shall also be conducted for the purpose of ascertaining boundaries for the proposed carpool permit parking area as well as the appropriate time limitation on parking and the period of the day for its application.

Notice of public hearing or hearings provided for herein shall be published in the official newspaper of the City and County at least ten (10) days before the hearing date and circulated generally in the neighborhood. The notice shall clearly state the purpose of the hearing, the location and boundaries tentatively considered for the proposed carpool permit parking area and, if applicable, the proposed permit fee to be charged therefor. During such hearing or hearings, any interested person shall be entitled to appear and be heard, subject to appropriate rules of order adopted by the Director of Public Works.

SEC. 407. Recommendation of the Director of Public Works.

Within sixty (60) days of the completion of the hearing or hearings conducted with regard to a particular institutional perimeter area, the Director of Public Works shall recommend by written report to the Board of Supervisors, based on the record of such hearing or hearings and the surveys and studies performed, whether to designate the area under consideration as a carpool permit parking area.

In the report of the Director of Public Works, he shall set forth the evidence generated as a result of surveys and studies performed, significant

subjects and concerns raised at the public hearing or hearings conducted, the findings relative to those designation criteria listed in Section 405 of this Article deemed applicable to the carpool area and conclusions as to whether the findings justify preferential carpool parking for that particular area, the proposed boundaries of the carpool permit parking area, proposed time limitation and period of the day for its application, and a proposed number of permits to be issued for the amount of parking available.

The designation process and designation criteria set forth in this Article shall also be utilized by the Director of Public Works and the Board of Supervisors in determining whether to remove designation as an institutional perimeter area.

SEC. 408. Carpool Group Application for Permit and Carpool Certification.

Application for a carpool parking permit and certification of a carpool shall be made in accordance with procedures established by the Director of Public Works after consultation with the institution's Transportation Broker or similar counterpart.

Group application for carpool permit shall be made directly to the institution's Transportation Broker or other designated representative. One application per carpool group shall be made. Each application or re-application for a parking permit shall contain information sufficient to identify each carpool member, their resident addresses, the license numbers of the motor vehicles for which application is made, the place of employment and phone extention of each carpool member, the shift time, and such other information that may be deemed relevant by the Director of Public Works and the institution's Transportation Broker.

The certification portion of the group application shall include, but is not limited to, signatures of three or more individuals who certify that:

(a) They are in a carpool that commutes together to and from their place of employment.

(b) They each understand that parking in the designated restricted permit area can be allowed only when three or more individuals arrive to work in a certified motor vehicle.

(c) They understand that parking space availability cannot be guaranteed to permit-bearing certified carpool groups by either the institution or the City and County of San Francisco.

(d) Their place of employment is within a half-mile radius of the carpool parking permit area.

Upon receipt of the carpool group application, the Transportation Broker or other designated representative shall verify the facts of the application and determine whether to approve of or reject the application. Each permit application shall be subject to final approval by the Department of Public Works.

SEC. 409. Issuance, Cost and Duration of Permits.

Carpool parking permits shall be issued by the Director of Public Works to each carpool group applicant approved by the Transportation Broker or other designated representative. No more than one permit shall be issued to each approved carpool group.

The permits shall be designed by the Department of Public Works and shall state all the vehicles for which the permit shall be valid. The design of the carpool permit shall enable the permit to hang down from the rear-view mirror and be transferable among cars within the carpool.

The Director of Public Works shall issue such rules and regulations not inconsistent with this Article, governing the manner in which the permits are issued. The Director of Public Works shall also determine the most appropriate length of time such permits should remain valid at the individual institution.

Permits may be renewed at a pre-determined time with the completion of recertification procedures in the manner required by the Director of Public Works. The recertification process for each carpool permit shall not be less than six months.

Schedule and amount of payment for said permits shall be decided upon by the Director of Public Works. In fee determination, consideration should be given but not limited to:

(a) The Department of Public Works' physical and administrative costs incurred in the carpool permit parking program involving that institution.

(b) Length of permit validity.

Payment for a carpool parking permit shall be made to the Department of Public Works either in cash or check after the application for said permit has been approved and before said permit is issued.

SEC. 410. Posting of Carpool Permit Parking Areas.

Upon the adoption by the Board of Supervisors of a resolution designating a carpool permit parking area, the Director of Public Works shall cause appropriate signs to be erected in the area, indicating permanently thereon the time limitation, period of day for its application and conditions under which permit parking shall be exempt therefrom.

SEC. 411. Carpool Permit Parking Exemption.

A carpool motor vehicle on which is displayed a valid carpool parking permit as provided for herein shall be permitted to stand or be parked in the carpool permit parking area for which the permit has been issued without being limited by time restrictions established pursuant to this Article. Said carpool motor vehicle shall not be exempt from parking restrictions or prohibitions established pursuant to authority other than this Article. All other motor vehicles, other than vehicles specified in Article 1.1 of this code, parked within a carpool permit parking area shall be subject to the time restrictions adopted as provided in this Article as well as the penalties

provided herein.

A carpool parking permit shall not guarantee or reserve to the holder thereof an on-street parking space within the designated carpool permit parking area.

SEC. 412. Peralty Provisions.

It shall be unlawful and a violation of this Article, unless expressly provided to the contrary herein, for any person to stand or park a motor vehicle of a gross weight exceeding fifty pounds for a period exceeding the time limitations established pursuant hereto.

Said violation shall be punishable by a fine of not less than twenty dollars ($20.00) nor more than sixty dollars ($60.00), imprisonment of not more than ten (10) days, or both.

It shall be unlawful and a violation of this Article for a person to falsely represent himself as eligible for a parking permit or to furnish false information in an application therefore submitted to either the institution or the Department of Public Works.

It shall be unlawful and a violation of this Article for a person holding a valid parking permit issued pursuant hereto to permit the use or display of such permit on a motor vehicle other than that for which the permit is issued. Such conduct shall constitute an unlawful act and violation of this Article both by the person holding the valid parking permit and the person who so uses or displays the permit on a motor vehicle other than that for which it is issued.

It shall be unlawful and a violation of this Article for a person to copy, produce or otherwise bring into existence a fascimile or counterfeit parking permit or permits without written authorization from the Director of Public Works. It shall further be unlawful and a violation of this Article for a person to knowingly use or display a facsimilie or counterfeit parking permit in order to evade time limitations on parking applicable in a carpool permit

parking area. Upon conviction thereof, a person shall be punishable by a fine not exceeding five hundred dollars ($500) or be imprisoned for a period not exceeding six (6) months, or both.

SEC. 413. Revocation of Permit. The Director of Public Works is authorized to order revocation of the carpool parking permit of any person/group found to be in violation of this Article. Failure when so requested to surrender a carpool parking permit so revoked shall constitute a violation of law and of this Article.

SEC. 414. Severability.

The provisions of this Article are severable and if any provision, clause, sentence, subsection, section, word or part thereof is held illegal, invalid or unconstitutional, or inapplicable to any person or circumstance, such illegality, invalidity or unconstitutionality, or inapplicability shall not effect or impair any of the remaining provisions, clauses, sentences, subsections, section, words or parts of the Article or their application to other persons or circumstances. It is hereby declared to be the legislative intent that this Article would have been adopted if such illegal, invalid or unconstitutional provision, clause, sentence, subsection, section, word or part had not been included therein, or if such person or circumstances to which the Article or part thereof is held inapplicable had been specifically exempted therefrom.
